

GPM Jammers  
Milestone 6  
April 24, 2024  
Cpt\_S 322

The following is our submission for Milestone 6. This document contains the link to our github repository and the description about it.

Github Link: [here](#)

Description (README):

This is a prototype website for managing game jams and their participants for the Game Development Club (GDC) at Washington State University (WSU).

Features include:

- Creating and logging into user accounts
- Setting user accounts to be administrators (admin)
- Users can search all other users by username
- Users can view all past, present, and future game jams
- Users can view all members that participated in a game jam
- Users can view details about other users
- Admin can create and edit game jams
- Admin can make posts on game jams
- Logged in users can comment on posts, as well as reply to other
- Users can view links to projects submitted for the game jam

Server documentation is updated [here](#)
